

Work Notice Update: Power outages to repair and replace power poles

Date: 1 September 2022

Where	Annat Substation to Deans Road, Sheffield
When	6 and 29 September 2022
Why	To repair and replace power poles

What are we doing?

The work to renew the existing power line between the Annat Substation on Tramway Road and Deans Road in Sheffield is progressing well.

We started in mid-August and so far we have replaced 32 poles and upgraded the hardware on 42 poles. In September we'll continue to work in Areas 2, 3 and 4 - see map below. We're on schedule to finish the work in mid-October.

How will this affect me?

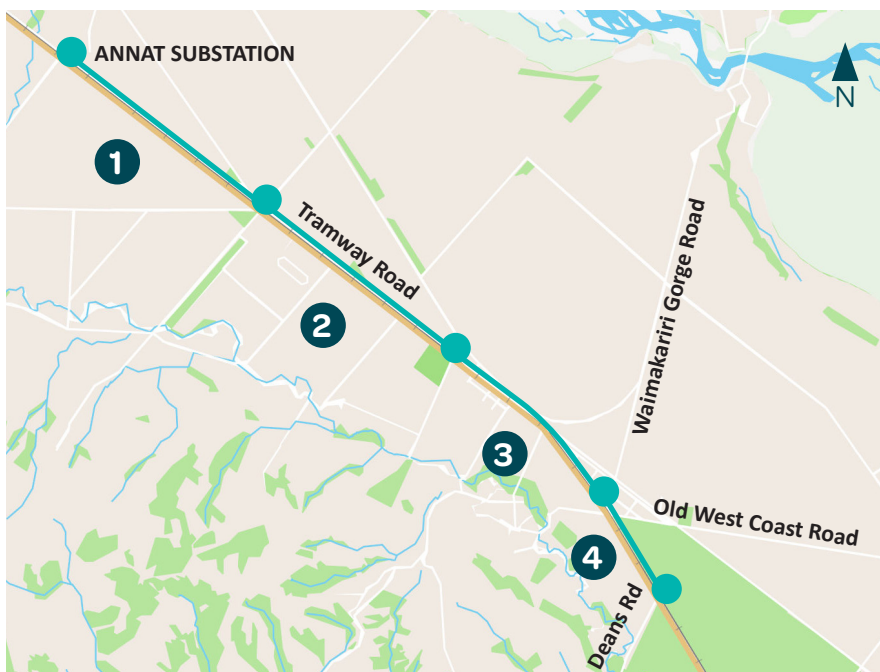

To work on the power line safely, the power needs to be switched off to some customers. Thank you for your patience while worked in Area 2 in August.

Your property, in **Area 2** will be affected by outages on:

- **Tuesday 6 September**
- **Thursday 29 September**

The power will be switched off between **8.30am and 4.30pm**.

Where we are working

KEY

Approximate work area:

- 1 Annat Substation to Barrs Road
 - 2 Barrs Road to Queen Street
 - 3 Queen Street to Waimakariri Gorge Road
 - 4 Waimakariri Gorge Road to Deans Road
- Route of the power line we are working on. The customers affected by the outages have their power supplied by this line.
